

Letter of Agreement on Soil Profile Data Sharing

The undersigned agrees that the following dataset may be included in the ISRIC Data Repository and subsequently standardised/processed in the ISRIC - World Soil Information Service ([WoSIS](#)) under the following conditions:

1. The submitted data set is acknowledged as ¹:

2. *Geo-locations may be shown*: The standardised data are made *freely available* to the international community). ²

OR:

3. *Geo-locations may not be shown*: The standardised data themselves are NOT made available to the international community. In this case, the standardised point data may only be used by ISRIC (WDC-Soils) for producing [SoilGrids](#) and similar products (i.e. output as a result of advanced data processing); the latter 'derived-products' are made freely available to the international community. ²

AND

4. The processed datasets may be distributed in accord with ISRIC's Data Policy³.
